

WHAT HAPPENS TO YOUR USED BATTERIES?

Save nature! Bring your used batteries and accumulators to a collection box. You can find a box in your nearest store that sells batteries or find locations of other collection boxes at kuhuvia.ee

The batteries collected from the boxes are used to produce **new batteries, household appliances and various commodities**. By bringing your used batteries to the collection box, you can help save valuable metals and mineral resources.

**MIXED MUNICIPAL WASTE –
LOSS OF VALUABLE MATERIAL**

**SEPARATE COLLECTION
AND THE REUSE OF
VALUABLE MATERIAL**

**MINING OF MINERAL
RESOURCES**
(LEAD, NICKEL,
LITHIUM)

**BATTERY
END OF LIFE**

**MATERIAL AND
PRODUCT DESIGN**

**SALE AND
USE**

**BATTERY
MANUFACTURING**
